

CURRENT EVENTS

by Elaine Anderson
University of Maryland

Each week you are to clip from a current newspaper, magazine, etc. an article that you believe is relevant to one interested in family policy. Along with the clipping, attach a one paragraph analysis of how this relates to and affects family policy making. Periodically, throughout the course you will be called upon in class to share your analysis. You will receive either a check-plus, check, or check-minus for each analysis.
